- Autism Acceptance Month

THE DIVERSITY CORNER

NO PLACE FOR HATE- Established in 1985, this program was designed to combat prejudice and create effective tools to address these issues in the classroom and community. The campaign's immense success led to ongoing programs across the country and several national awards including a Peabody, Gabriel and Scripps-Howard.

The No Place for Hate is a student-led school climate improvement program that fits our school's unique culture and needs.

We at St. Margaret have been an active participant in the No Place for Hate program for the past few years. This year we will celebrate the program with a weeklong spirit week. This spirit week will take place May 6th- May 10th.

POSITIVE QUOTE OF THE WEEK (SUMMARY) – This quote reminds us that in this world we face all types of things, pain, sickness, and disease. Even though no disease is good, HATE is the worst disease to have. Hate can cause you to do things that are out of God's design for your life. Hate is such a heavy burden to carry. The way you release that burden is to LOVE!
